7. Part number
8. Part name
9. Quantity of the part required per assembly
10. Inner parts breakdown, an asterisk (*) appears in this column if there is a page in the inner part section
11. Manufacturer's serial number for which the part is used
12. Interchangeability of a part

Interchangeability between the part in the part number column and that in the replaceable part column is defined with the symbols as shown below:

- = : Replaceable part (13) can be used in lieu of the part entered in the part no (7). Part entered in the part no can be also used in lieu of the replaceable part
- < : Replaceable part (13) can be used in lieu of the part entered in the part no (7). Part entered in the part no cannot be used in lieu of the replaceable part
- / : Replaceable part (13) can be used in lieu of the part entered in the part no (7). Replaceable part cannot be used in lieu of the part entered in the part no
- X : Part entered in the part no (7) cannot be used in lieu of the replaceable part (13). Replaceable part cannot be used in lieu of the part entered in the part no

13. Replacement part
14. Parts manual machine number
15. Page number
