## DETERMINING THE PROPER MAINTENANCE INTERVAL

**As a condition of your vehicle's warranty, you are responsible for properly maintaining your vehicle. In maintaining your vehicle, you should use these guidelines to determine which maintenance schedule to use.**

**Standard maintenance;** features 5,000 mile or 6 month, whichever comes first, service intervals and generally applies when you primarily operate your vehicle on the highway in temperate conditions. Premium maintenance is a Nissan recommended optional upgrade that adds services when maintenance is performed.

**Premium Maintenance;**\* performing the Premium upgrade services may optimize the performance, durability, reliability, and resale value of your vehicle. (Premium Maintenance items are available at every 30,000 miles or 36 months interval.)

**Additional maintenance items for severe operating conditions;** should be performed on vehicles that are driven under especially demanding conditions. Additional maintenance items should be performed if you primarily operate your vehicle under the following conditions:

- Repeated short trips of less than 5 miles in normal temperatures or less than 10 miles in freezing temperatures.
- Stop-and-go traffic in hot weather or low speed driving for long distances
- Driving in dusty conditions or on rough, muddy, or salt-spread roads
- Towing a trailer, or using a camper or car-top carrier

**For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. See page 15 for more information on Multi-Point Inspections.**

\* Premium Maintenance is a Nissan-recommended option; You need not perform such maintenance in order to maintain the warranties which come with your Nissan. Premium Maintenance may not be available outside the United States, please inquire of your dealer.

# 15,000 MILES OR 18 MONTHS

## STANDARD MAINTENANCE

- Replace engine oil and filter
- Replace in-cabin microfilter<sup>1</sup>
- Rotate tires (except all 370Z)<sup>2</sup>

## Additional Maintenance Items for Severe Operating Conditions

- Inspect the following:
  - Axle & suspension parts
  - Brake pads, rotors, drums & linings
  - Drive shaft boots
  - Exhaust system
  - Front suspension ball joints
  - Propeller shaft (4WD/AWD/RWD)
  - Steering gear and linkage
  - Steering linkage ball joints

**For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. See page 15 for more information on Multi-Point Inspections.**

<sup>1</sup> Standard equipment on cube, Murano, Altima, Altima Coupe, Armada Platinum, Pathfinder, Frontier LE and Pro-4X Off-Road, Maxima, Titan Crew Cab LE, Quest, Rogue, Sentra and Xterra (except X). Optional accessory on all other models.

<sup>2</sup> Check and adjust tire pressures.

Equipment varies by model. Perform only those operations that apply to your vehicle.

## GENUINE NISSAN PARTS YOU CAN RELY ON\*

### Batteries

If your vehicle is slow to start or will not start, please see your Nissan dealer about a Genuine Nissan Replacement Battery. Genuine Nissan Replacement Batteries are designed to meet your vehicle's original specifications and feature an 84 Month Limited Warranty with 24 Month Free Replacement, regardless of mileage. Plus your Nissan dealer has the knowledge and equipment to test your battery before it fails, so you can travel in confidence.

\* May or may not apply outside the United States, please inquire of your dealer.

**See your participating Nissan dealer for details.**
